How Habitat Works

Through volunteer labor and tax-deductible donations of money and materials, Habitat for Humanity North Central Massachusetts builds strength, stability and self-reliance through shelter right here in our community. Habitat homes are sold to families at no profit and financed with affordable 0% interest mortgages. The homeowners' monthly payments are recycled into a revolving *Fund for Humanity* that is used to build more houses. Homeowners invest hundreds of hours of their own labor to build their home and the homes of others.

Who Benefits

Everyone deserves to live in a safe, affordable home. This can only happen with the hard work of volunteers, local businesses, and the community's own determination to make things better.

We provide home ownership opportunities to families falling below 60% of the area median income. Helping low income home owners maintain the safety and comfort of their homes through critical home repairs is also a fundamental part of our mission.

Habitat for Humanity families are qualified without regard to age, sex, sexual preference, marital status, disability, race, religion or national origin.

Established in 1988, our mission is to bring people together to build homes, communities and hope.

We are a non-profit, ecumenical housing ministry that seeks to eliminate poverty housing and homelessness right here in Massachusetts.

The Habitat NCM strategy is to build 2 homes and serve 24 additional families with accessibility remodel and repair projects per year.
